PUBLIC NOTICE

BOTSWANA STOCK EXCHANGE (BSE) LAUNCHES NEW WEBSITE & MOBILE APPLICATION

26th June, 2020: As the Botswana Stock Exchange (BSE), we are excited to announce the launch of our newly designed website that will go live effective today. The website domain remains www.bse.co.bw.

This new website comes as a result of the need to create a more user-friendly browsing experience for our valued stakeholders. Further, this site aims to improve visibility of the BSE, as well as BSE listed companies, facilitate dissemination of market data, both free and paid while being compliant with international data privacy standards.

Some of the notable new features of this site include a stock market ticker displaying real-time price & indices movements, a watchlist function to monitor selected securities, an optimized search engine for easy navigation and integrated social media buttons, amongst others.

Commenting on the launch, CEO of the BSE, Thapelo Tsheole said, ***'As we strive towards being a world class securities exchange, it is important for us to make information regarding our local capital markets accessible for our current and prospective clients to make informed, investment decisions. The functionalities of this newly designed website will ensure that visitors to the site are offered are more vibrant, user experience to suit their specific needs. I commend my team on their efforts in the completion of this project'***.

The BSE mobile application will be available in the next few days.
