

## COMPULSORY DEMATERIALIZATION OF SHARES

---

Reference is made to Directive 1 of 2014 by the Non-Bank Financial Institutions Regulatory Authority (NBFIRA), which compels shareholders who still hold physical share certificates to open a Central Securities Depository (CSD) account and deposit their shareholding in an electronic account.

Those who still have physical share certificates are urged to contact the following Botswana Stock Exchange-registered brokers for assistance with the dematerialization process. This process entails account opening and transfer of shares from the physical register to the CSD account.
