Having concluded the business of the Annual General Meeting the Chairman invited questions from members.

Items raised from the floor:
11.1 The annual report was sent out in CD form and not in a printed form. This presented a problem to those not computer literate eg senior citizens or those that do not have access to computers. The Chairman responded that the bulk of all reports are now in digital form however the Board would look into ways to see that traditional methods of communication are used where appropriate.

11.2 A request to provide an update on the Barclays PLC restructure and new shareholders was made. The Chairman responded that the shareholding of Barclays Botswana has not changed and as such would have no impact. With regard to Barclays PLC there would be potential shareholding changes and these are part of a continuing discussion.
11.3 The Bank of Botswana had placed restrictions on loans and interest rates. What was the impact on Barclays? The Chairman responded that the profitability of the industry as a whole had been negatively affected. The Bank had combated this by diversifying into other services and products to overcome this.

11.4 Where the bank was raising new debt- would there be any opportunities for non-institutional investors to take part in providing capital? The Chairman responded that should new debt be raised, then this possibility would be brought to the market’s attention.

There being no further questions from members or any other further business, the Chairman thanked all members present for their attendance and their contribution to the meeting and closed the meeting at 13:15 hours, inviting all present to remain for refreshments.
