1. INTRODUCTION

1.1. The Board of Directors would like to offer unitholders the chance to receive the whole or part of the distribution in respect of linked units for the period ending 30 June 2017 in new linked units instead of in cash. In accordance with the Companies Act Cap 42:01 and the Constitution of the Company, the Board may offer to unitholders the opportunity to elect to receive scrip distributions in the form of linked units (credited as fully paid) instead of in cash.
1.2. On the 30 June 2017 the Board declared a distribution of 13.69 thebe (comprising a dividend of 0.14 thebe on each issued share and interest of 13.55 thebe on each issued debenture comprising a linked unit) per linked unit for the twelve months of trading ending 30 June 2017 (the Distribution).

1.3. At a meeting of the Board of Directors, held on 30 June 2017, the Board approved the issue of up to 19,532,827 new linked units, to be funded out of distributable profits to unitholders, who hold linked units in the Company as at 18 August 2017, who elect to receive same instead of cash.

1.4. The Company will deduct and pay withholding tax of 7.5% on the dividend on shares comprising linked units.

1.5. The Company will:
   (i) deduct and pay withholding tax of 10% on the interest payable on each debenture held by a taxable holder of a linked unit, resident for tax purposes in Botswana;
   (ii) deduct and pay withholding tax of 15% or such lesser percentage as may be provided in a Double Taxation Agreement (if there be one) between Botswana and the country of tax residence of the non-resident tax payer on the interest payable on each debenture held by a taxable holder of a linked unit, non-resident for tax purposes in Botswana;
   (iii) not deduct and pay any withholding tax on interest payable on debentures held by an entity which is exempt from income tax in Botswana.

1.6. The resulting distribution, after deduction of withholding tax as set out above, is hereinafter referred to as “the Net Distribution”.

1.7. On the 30 June 2017, the Board resolved to offer to unitholders such number of linked units, at a value of P2.45 per linked unit, equal to the cash value of the Net Distribution payable to such holders. The value of a linked unit is based on the weighted average traded price of the linked units, on the Botswana Stock Exchange, over the three weeks preceding 30 June 2017.

1.8. As stated in 1.4 and 1.5 the Company will have deducted and paid withholding tax on the distributions, as required by Section 58 of the Income Tax Act, thus the distribution will be net of withholding tax deducted and paid.

1.9. The issue of the linked units distributed in terms of Scrip Dividend will take place on or before 25 September 2017.

2. BASIS OF THE AWARD OF SCRIP DISTRIBUTION UNITS
Unitholders registered in the books of the Company on the Record Date will be entitled, upon election, to receive as many fully paid units in the Company at an issue price of P2.45 each as is equal in value to the Net Distribution due to such holder in respect of the Distribution (“Scrip Distribution Units”).

3. SCRIP DISTRIBUTION OPTION
Unitholders registered in the records of the Company on the electronic platform of the CSDB on the Record Date are offered the option to elect to receive Scrip Distribution Units equal in value to the Net Distribution of 13.69 thebe per linked unit, comprising of 0.14 thebe dividend per share and interest of 13.55 thebe per debenture, in respect of all or in part of their unitholdings.

4. ISSUE OF LINKED UNITS AND AMOUNT TO BE CAPITALIZED
The Scrip Distribution Units issued in terms of this offer will be fully-paid out of the distribution account. On the basis that all holders of Linked Units elect to take up the Scrip Distribution Units the aggregate of the Net Distributions estimated in an amount of P47,855,426 will be capitalized.

The Scrip Distribution Units, when issued, will rank pari passu in all respects with the existing linked units of the Company.
5. REASON FOR THE SCRIP DISTRIBUTION ISSUE

The Company will benefit from this issue. In opting for the issue of linked units in lieu of a cash distribution, unitholders will inject further capital into the Company without incurring the usual substantial dealing costs associated with a new rights issue, and the Company will be able to utilise the amount of the unitholder’s funds retained in the Company to support continued growth of the current and future projects and refurbish properties, and reduce exposure to loan finance.

6. COMMITTED ELECTION

6.1. Two of the major holders of linked units, Allan Gray Botswana (Pty) Ltd and Kgori Capital (Pty) Limited, which each hold 9.86% of the issued linked units, and the founders Ramachandran Ottapathu and Farouk Ismail each holding 39.5% of the issued linked units in the Company have committed to elect to receive the Scrip Distribution Units in lieu of the cash distribution.

6.2. FGM Holdings (Pty) Limited, the investment company of Chairman HE. FG Mogae which holds 0.13% of the issued linked units and directors Vidya Sanooj (and persons connected to her) holding 0.06% of the issued linked units, and Robert Mathews holding 0.01% of the issued linked units in the Company have committed to elect to receive the Scrip Distribution Units in lieu of the cash distribution.

6.3. Thus holders of 98.94% of the issued linked units in the Company have committed to elect to receive the Scrip Distribution.

6.4. In the event, as a result of the election, the “public” as defined in the BSE Listing Requirements will hold less than 20% of the issued linked units in the Company, the founders Messrs Ottapathu and Ismail will reduce the quantum of their elections and receive part of the distribution in cash, to ensure the 20% free float of units is maintained.

7. SCRIP DISTRIBUTION UNITS ENTITLEMENT

The number of scrip distribution units to which the unitholders will be entitled will be calculated on the following basis:

\[ X \times \frac{\text{Scrip Distribution Units entitlement}}{\text{Net Distribution Amount}} = \text{Number of Linked Units} \]

8. FRACTIONAL ENTITLEMENTS

8.1. Where the entitlements to Scrip Distribution Units results in a fraction of a unit, the units awarded will be rounded down to the nearest whole number.

8.2. The balance of the cash Distribution not accounted for by the Scrip Distribution Units will be paid in cash by electronic funds transfer to the bank account of the holder of linked units, or by cheque posted to the address of the holder of the linked units, appearing in the register of the Company, on or before 27 September 2017.

Example

Assume a unitholder holds 10 000 linked units at the Record Date and elects the Scrip Distribution Option. The number of the new linked units to which this unitholder would be entitled is calculated as follows:

\[ 10 000 \times \frac{\text{Net Distribution Amount}}{2.45} = \text{Number of Linked Units} \]

Where the number of Linked Units derived from the formula is not a round number and there exists a fraction, the number of Linked Units will be rounded down to eliminate the fraction.

The fraction expressed as a percentage, of 2.45 will be paid in cash.

9. UNITHOLDERS WHO WISH TO RECEIVE THE CASH DISTRIBUTION NEED TAKE NO FURTHER ACTION. IF A UNITHOLDER TAKES NO ACTION AND DOES NOT ELECT TO RECEIVE LINKED UNITS, THAT UNITHOLDER WILL RECEIVE THE CASH DIVIDEND

10. OPENING OF THE OFFER AND THE LAST DAY TO MAKE THE ELECTION

The offer of the scrip option opens at the commencement of business on 14 August 2017 and closes at close of business on 19 September 2017.

A holder of linked units is required to notify the Transfer Agent if he/she/it wishes to receive their distribution in the form
of new linked units, within the period in which the offer is open. In the event of failure to elect the Scrip Distribution option, within the open period, a holder of linked units shall be deemed by the Company to have declined the offer of the Scrip Distribution Option and, accordingly, such unitholder will automatically receive the cash distribution.

11. ELECTION FOR SCRIP DISTRIBUTION WHETHER SENT BY POST OR OTHERWISE RECEIVED AFTER THE CLOSE OF BUSINESS ON 19 SEPTEMBER 2017 WILL NOT BE ACCEPTED

12. CSDB AND LISTING OF THE SCRIP DISTRIBUTION UNITS

When the new linked units are issued, the Company will instruct the CSDB broker to credit or the unitholders securities account in the CSDB.

The Botswana Stock Exchange has granted a listing of the Scrip Distribution units arising from the Scrip Distribution issue with effect from the commencement of business on 29 September 2017.

13. RESULTS OF THE SCRIP DISTRIBUTION OPTION

The results of the Scrip Distribution Option will be published in the press on or before 25 September 2017.

14. TAXATION

In terms of the Republic of Botswana Income Tax Act, as amended, withholding tax at a rate of 7.5% will be deducted by the Company from all dividends paid and 15% (or such lesser percentage provided in the Double Taxation Avoidance Agreement between Botswana and the country of tax residence of the holder not resident in Botswana for tax purposes) from interest paid to unit holders not resident in Botswana for tax purposes and 10% from interest paid to unitholders so resident in Botswana. No withholding tax shall be deducted from interest paid to entities so resident in Botswana which are not subject to tax in Botswana.
