NEWS RELEASE

LUCARA LITIGATION UPDATE

August 10, 2011 (LUC–TSXV, LUC-BSE)… As has previously been reported by Lucara Diamond Corp. ("Lucara" or “the Company”), in April 2010, legal proceedings were initiated against African Diamonds Plc, Lucara’s wholly-owned subsidiary, by two former directors of African Diamonds claiming entitlement to a 3% royalty on production from the AK6 diamond project.

The claim was heard in the Botswana High Court in early June, 2011. The High Court delivered its ruling today, dismissing the claims against African Diamonds, with costs awarded against the plaintiffs. The plaintiffs have 30 days to seek to appeal the ruling.

Lucara is a well positioned emerging new diamond producer. The Company has an experienced board and management team with years of diamond development expertise. The Company’s two key assets are the AK6 diamond mine in Botswana and the Mothae diamond mine in Lesotho. The 100% owned AK6 project is in the construction stage with mine commissioning scheduled to commence in the fourth quarter of 2011. The 75% owned Mothae mine is currently in the trial mining stage. Both Mothae and AK6 are world class assets with tonnage and throughput upside; diamond values from both could significantly increase with the continued recovery of Type II A and large stones.

On Behalf of the Board,

William Lamb
President and CEO

Forward Looking Statements: This document contains statements about expected or anticipated future events and financial results of Lucara that are forward-looking in nature and are based on Lucara’s current expectations, estimates and projections. This forward-looking information is subject to certain risks and uncertainties, such as legal and political risk, civil unrest, general economic, market and business conditions, the regulatory process and actions, technical issues, new legislation, competitive and general economic factors and conditions, the uncertainties resulting from potential delays or changes in plans, the occurrence of unexpected events and management’s capacity to execute and implement its future plans. The actual results, activities, performance or achievements of Lucara may differ materially from those projected by management. A discussion of factors that may affect Lucara’s actual results, performance, achievements or financial position is contained in the filings by Lucara with the Canadian provincial securities regulatory authorities on the system for electronic document analysis and retrieval (“SEDAR”) at www.sedar.com.
