ASX AND MEDIA ANNOUNCEMENT

12 July 2013

SALE OF MMAMANTSWE COAL PROJECT COMPLETED AND A$3.5 M RECEIVED

Aviva Corporation Ltd (ASX: AVA, BSE: AVIVA) (“Aviva” or the “Company”) is pleased to announce that following receipt of A$3.5 million from African Energy Resources Limited (ASX: AFR, BSE: AFR) (“African Energy”), it has now completed the sale of the Mmamantswe Coal Project.

Aviva announced the sale of the Mmamantswe Coal Project on 29 April 2013, and approval by Aviva shareholders at the shareholder meeting held on 9 July 2013 satisfied the last condition precedent to this transaction.

The completion of the sale of the Mmamantswe Coal Project triggers a final payment due by Aviva under the purchase agreement with Mawana Minerals (Proprietary) Limited (“Mawana”). In terms of this agreement announced on 6 May 2013, Aviva acquired 100% of Prospecting License PL 069 (“the License”) by paying US$ 300,000. The disposal of the License for more than US$3 million to African Energy leads to a final payment due to Mawana, which will be 10% of the difference between the disposal price of A$3.5 million and US$3 million. The recent deprecation in the A$ against the US$ will reduce this payment to approximately US$ 22,000.

Aviva Chief Executive Officer Lindsay Reed said: “Aviva is very pleased to have completed the sale of the Mmamantswe Coal Project to African Energy and to have realised A$3.5 million on this investment. I would like to acknowledge the efforts of everybody that was involved in completing this transaction and wish African Energy all the best in developing the Mmamantswe Coal Project.”
