The Listing Requirements of the Botswana Stock Exchange (BSE) require Engen Botswana Limited to announce, through the BSE and the press, any circumstances or events that have, or are likely to have, a material bearing related to the financial results of the Group for a period to be next reported. Accordingly, the shareholders of Engen Botswana Limited are advised that the Group expects to release results for the six months ended 30 June 2015 which will be significantly higher than what was reported for the corresponding period ended 30 June 2014. This is mainly attributable to a margin increase that was given to the oil industry in December 2014, an increase in volumes sold and relatively stable international crude oil prices which mitigated inventory revaluation losses. Therefore, shareholders are advised to exercise caution when trading in the Company’s securities until such time as a detailed announcement is made. Detailed results for the period ended 30 June 2015 are expected to be released on or about 11 September 2015.

The financial information on which this statement is based has not been reviewed or reported on by the Engen Botswana Limited auditors.

By Order of the Board
