TRADING UPDATE

Shareholders are advised that the Company is currently finalising its abridged un-audited financial results for the half year ended 30 June 2015.

The Board of Directors of the Company would like to bring to the attention of the linked unitholders that the profit before tax for the half year ended 30 June 2015 is expected to be significantly higher than the half year to 30 June 2014. The reason for this increase is the increase in contractual lease rental revenue and reduction in finance costs.

The Company will release the abridged un-audited financial results by mid-August 2015.

Accordingly, shareholders are advised to exercise caution when dealing in the Company’s securities until the abridged un-audited financial results are released.
