

BOTSWANA STOCK EXCHANGE (BSE) SET TO HOST THE TSHIPIDI MENTORSHIP PROGRAM 2023

Valued stakeholders are hereby informed that the Botswana Stock Exchange (BSE) is scheduled to host the BSE Tshipidi Mentorship Program from July to September 2023.

As with the first installment in 2019, the BSE is facilitating this Program as a way of grooming companies that could potentially raise capital, improve governance and leverage from increased publicity through the stock market in the short to medium term. The objective of the TMP is to provide practical training through a comprehensive and interactive program that covers the key themes necessary to prepare and position a company to list on the BSE.

The program will provide practical training offered by industry experts with regards to key elements of corporatization, capital structure, financial reporting, commercial law, listing requirements and corporate governance. The program will last for a period of 3 months, with 1-day engagement every month beginning July 2023.

For this year's Program, the following companies have been admitted;
