

CLEAN UP DATA EXERCISE BY THE CENTRAL SECURITIES DEPOSITORY BOTSWANA

Members of the public are informed that the Central Securities Depository Company of Botswana is introducing a new CSD System and the process includes migration of data, including investors' static data.

It is evident that some investors' details in the system are outdated leading to non-receipt of monthly CSDB statements and late or pending dividend payments.

Information to be updated includes the following:

- Postal address
- Bank details
- E-mail address
- Phone number

To update information, clients should get in touch with Botswana Stock Exchange (BSE) licensed stockbrokers **effective immediately**.

African Alliance Botswana Securities (AABS) clients are advised to get in touch with the stockbrokers below to facilitate transfer of securities.

Accurate CSD accounts information will enable investors to receive timely and accurate information on all transactions or movements in the account. Investors are therefore urged

to update their details to enable migration of clean investor details in the new system.
