BOTSWANA STOCK EXCHANGE

PUBLIC NOTICE

DISRUPTION OF SERVICES DUE TO GLOBAL MICROSOFT OUTAGE

The Botswana Stock Exchange (BSE) hereby informs our valued stakeholders and members of the public that some of our services have been affected by the ongoing global Microsoft service outage, which has disrupted access to various Microsoft 365 applications and services.

As a result, the BSE is experiencing technical challenges that have affected communication, particularly email correspondence.

We wish to confirm that trading and settlement activities have not been affected and continue to operate normally.

We further wish to assure our stakeholders that we are closely monitoring the situation and will provide further updates as services are restored.

The BSE sincerely apologises for any inconvenience caused and appreciates your patience and understanding.
